MAINTENANCE

Wipe with a warm damp cloth, no chemicals. Regularly check connectors for damage. If not permanently in use, keep packaging and store **Ciroc Infinity Bottle Presenter** in a clean and dry environment.

WARNINGS

Do not modify, disassemble, open, drop, crush, puncture, shred and/or replace any of the accessories and/or parts or warranty is invalid. **DANGER!** Never handle electrical items with wet hands. Do not use excessive force when inserting or removing connectors. Ensure when charging the cable is fixed. Ensure the cable is stored away from children or vulnerable people. This is a fragile item, always handle with care. Any misuse can cause accidents and/or injuries. Do not leave on-charge permanently, disconnect between charges. Adding any Sparklers is done at your own risk, we accept no responsibility or liability for adding any form of pyrotechnics to this product. This is not a toy – **keep away from children.**

TROUBLESHOOTING

Presenter is not lit

- ensure charger is pushed in completely and red charging indicator is on.
- check for visible damage to power adapter or connections.

Flickering

- remove charger, drain power until light is off, then recharge again.

Overheating

- if your product is too hot, or smells bad, unplug and allow to cool.
- check the product is not blocked or has restricted airflow.

Broken - if out of warranty, seek professional advice, or refer to **recycling section.**

CHARGING

1. Remove the EURO charging adapter plug from the small white box – please recycle the cardboard.
2. Gently push the black and silver 2.1mm connector (on the end of the EURO charging adapter) into the socket on the **Ciroc Infinity Bottle Presenter**.
3. Find an available AC Wall Socket.
4. Plug-in the EURO charging adapter plug.
5. Red LED located on the EURO charging adapter plug indicates 'charging in progress'
6. Green LED located on the EURO charging adapter plug indicates 'fully charged'
7. Charging time: around 2 hours.
8. Charge life-cycle: around 7 hours. Note...Lithium-ion Polymer Batteries deteriorate over time, expect a shorter life-cycle as your Presenter ages.
9. Ensure you disconnect your EURO charging adapter plug once fully charged and avoid leaving on-charge permanently.

INSTALLING YOUR CIROC BOTTLE

WARNING install by following the instructions below to avoid potential issues.

The **Ciroc Infinity Bottle Presenter** is only suitable for the following **Ciroc** bottle sizes.

Volumes: **70cl - 75cl - 1ltr - 1.75ltr Magnum**

1. Installing: **Ciroc 70cl – 75cl – 1ltr** bottle products.

Install **Chrome Blue bottle spacer** into the base of the unit, this raises the bottle.

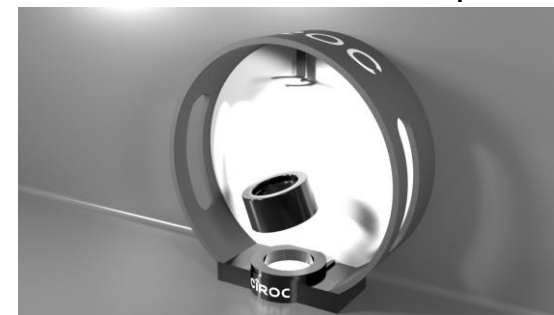

Install the bottle by following the **3 steps** below.

2. Installing the **Ciroc 1.75ltr Magnum** bottle

Don't use the **Chrome Blue bottle spacer** (remove if you're swapping from a smaller bottle)

Then install the **Ciroc 1.75L Magnum** bottle following the **3 steps**.

Install the Chrome blue bottle spacer

Step1. Open Clamp

Step 2. Install Ciroc Bottle

Step 3. Close Clamp
